From the Pastor

Dear Parishioners:

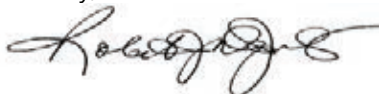

Within the next two weeks two events will take place in Washington, D.C. that will demonstrate who we are as American people. Both are scheduled to take place outdoors but because of COVID-19 concerns smaller than usual crowds will be expected, and the restrictions of masking and social distancing will be in place.

On January 20th there will be the Inauguration of a new President on the steps of the Capital. This historic moment will be viewed throughout the world by all major media outlets. It will be commemorated by numerous pictures and videos and will become part of the fabric of the history of our country. While the usual throngs of people gathered to see it in person will be severely curtailed the ceremony in its beauty and simplicity will speak for itself as it has done since the founding of our country. The speech by the next President will be dissected and analyzed over and over again. While much of the pomp and ceremonies that usually follow will be either shortened or omitted the impact of the moment will speak for itself.

On January 29th, the annual Respect Life March will be held. It has been moved from the usual date of January 22nd this year. This event will most likely be smaller than in years past as well since travel concerns and COVID-19 regulations make it more difficult for people to come and participate. No matter how many people attend, this event will receive next to nothing of news coverage and most people will not even know that it has taken place. The media decided a while ago that the 'news value' of people supporting life issues is not terribly newsworthy and so they do not make a great effort to report on it. Nonetheless, those participating will not be deterred in their commitment to life issues and they will give voice to those who cannot speak for themselves; the unborn, the disabled, the terminally ill and those whose lives are at risk through no fault of their own. Their respect for dignity of all human life propels them to action.

As we think back to the memories of our last Christmas a month ago, we do well to consider how issues of respecting life are part of our own moral and value ideals. Is it enough not to be 'against' certain behaviors or must we be 'for' practices that promote and respect life?

Sincerely,

Rev. Robert J. DeJulio,
Pastor
